The products in this list are not the only products we are able to source but a guide. Likewise, the fact that they are mentioned in this list does not necessarily mean that they are always available.

Some of these raw materials might also be available as certified Organic, Baby Food, Demeter and Controlled quality.

Please do not hesitate to pick up the phone or email us if the product you are looking for is not mentioned in the above list and you would like us to try and find it for you.
